Laminated vs Unlaminated

Laminated jute has a layer of LDPE biodegradable plastic fused to one side of the material, providing some rigidity. Bags like the Farmhouse and Messenger that need structure are made with laminated jute.

Unlaminated jute is pliable, with a stretchable weave. It is best suited for bags that do not need to be rigid, such as the Hope or Simplicity.

COTTON & JUCO COLORS

All cotton colors are available as 100% GOTS certified organic cotton.

Note: Colors are indicative only and may vary slightly from the actual material.

Cotton Canvas (310gsm)
